Welcome to your training path!

Step 1: Take Part in the Welcome Webinar

List 2-4 details you learned during the webinar.

Step 2: Define Your Professional Goal

As simply as possible, describe what you would like this training program to bring to your career path.

Step 3: Discover the Projects in Your Path

Which projects motivate you the most? At first glance, which projects do you think will be the most challenging or difficult for you?

Most motivating projects:	Most difficult projects at first glance:

Step 4: Set Goal Dates for Completing Each Project

Write down a goal date for each project presentation, keeping in mind your training program's end date.

Training program end date:

! If OpenClassrooms provided you with a schedule with estimated project presentation dates, simply rewrite them here.

Take some time to reflect on any difficulties you anticipate encountering and how you'll overcome them. Write your thoughts below. List 2-4 best practices that you plan to apply during your training to help manage your time effectively and keep yourself on schedule with your goal dates.

Step 5: Define One or More Tool(s) for Collaborating With Your Mentor

What tool(s) have you chosen to use for collaborating with your mentor?
